

Brand Building

OCT 2024

An aerial photograph of a construction site. On the left, a large building is under construction, showing its wooden roof trusses and concrete walls. Scaffolding is visible around the structure. In the center and right, there's a dirt area with various pieces of construction equipment, including a green excavator, a yellow excavator, and a blue truck. A road with parked cars is visible at the top. The overall scene is a busy construction site in a suburban or urban area with trees and a clear sky.
